

# DIGITAL SPONSORSHIP PACKAGES

We value our sponsors and offer lasting cooperation.

The sponsorship packages are designed for international organisations, multinational and medium-sized companies, and higher education institutions and foundations.

The sponsorship packages give access to a dynamic network of over 20,000 researchers and scientific experts covering 152 countries. They allow the sponsors to establish a vibrant presence within our community.

We are always happy to discuss options and possibilities tailored to your needs and target audience(s).

MCAA publishes its [Newsletter](#) four times a year and [Irradium magazine](#) annually for its global network.

We are also active on several social media channels and can offer you campaigns on Twitter and LinkedIn to promote news, activities, events, open calls and job opportunities. Finally, MCAA has an active website that is used by all members and accessible to the public. It is complete with Jobs, News and Events sections.

Exposure to a global network of 20,000+ high-level researchers and professionals at all career stages

Share your vision and ideas with the MCAA community by contributing to our Newsletter and Irradium Magazine
