United Kingdom Chapter

United Kingdom Chapter

The “*UK Chapter*” is an initiative of Marie Curie Fellows from a range of Institutions located in the UK.

We believe that being part of the “*Marie Curie Alumni Association*” as a chapter can allow Marie Curie Fellows to actively operate on a local basis and create stronger interconnection amongst them. Ultimately, this will lead to reach the major objectives of the MCA Association.

🏠 MCAA ▸ Mcaa Academy Call Mentors

MCAA Academy: call for mentors

MCAA Academy is a new program to support the career development of its members. Mentoring is at the core of the program.

Our advanced mentoring platform provides a continuous, full-spectrum learning experience, allowing mentees to focus on the skills that matter the most, when they matter the most.

MCAA Networking Activity

MCAA & ESOF2018

A large red hexagon with a white border, containing the text "ESOF 2018 TOULOUSE" in white. It is surrounded by several smaller white hexagons, some of which contain colored icons: a yellow hexagon with a molecular structure, a red hexagon with a hexagon inside, a purple hexagon with a cross, and a blue hexagon with a hexagon inside.

BLOG

Welcome to the Marie Curie Alumni website!

The Marie Curie Alumni Association (MCAA) is promoting an active community of researchers brought together by past or present mobility experience under the European Commission's Marie Curie programme.

An Association providing high-quality services to enhance research and professional collaboration.

Find out about our activities! Join us!

MCAA: A global network of researchers

Vision

We envision a future in which knowledge will be used to benefit society.

Mission

We support, and contribute to, the advancement of knowledge for a global, diverse, and informed society.

Strategy

MCAA connects researchers throughout Europe, and around the world, to enable international transdisciplinary collaborations.

Goals

Enhance the flow of knowledge across different countries, sectors of the economy, and scientific disciplines.

MCAA Advisory Board

A book for kids

Pilot project.

Goal: to publish books about scientists for kids.

Why: to promote science,
to empower girls participation
in STEM

How: crowdfunding campaign

A book for kids
